CALLS SUNDAY HYMNS PUNK.

Trenton, N. J., Oct. 11.—When the Mercer County Sunday School Association began its annual convention here yesterday the delegates were startled by the declaration of the Rev. H. J. Baumgartel, a Presbyterian minister, that the Billy Sunday hymns are "punk." The Sunday songs have been the rage since the evangelist left Trenton last spring.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and blood poisons called toxins, sucked into the blood through the lymph ducts, excite the heart which pumps the blood so fast that it congests the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, and your mind sour and almost nauseous. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for a while, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the entire alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

Results are quick and it is claimed that those who continue to flush out the stomach, liver, and bowels every morning never have any headache or know a miserable moment.—Adv.

U. S. OFFICIALS SEEK SUBMARINE BASE HERE

British and French Agents Say German U-Boats Are Being Supplied.

The United States now has in progress one of the most comprehensive searches ever undertaken. Its object is to determine absolutely whether there is a German U-boat base on American territory. British and French agents in New York and Boston have said that there was, and that parts for submarines were being manufactured here and sent to an unlocated point for assembling.

The entire resources of the State Department, the Navy Department and the Department of Justice are being utilized to investigate this allegation, although officials declare that in their opinion there is no truth in it.

It is realized, however, that such a base may have been established in the West Indies or along the coast of Central America.

Naval officers, however, scout this theory and declare that the German submarines are being supplied from "mother ships," which are shipped from neutral countries or slipped through the blockade as the Moewe did.

WOMEN LAUD HUGHES; HIT WILSON REGIME

Republican Alliance Hears Speakers Attack Administration's Policies.

An audience that packed the gridiron room of the New Willard Hotel last night testified to the interest that the women of the country are manifesting in the result of the national election.

The meeting, held under auspices of the Hughes Alliance, was primarily to interest government workers, but the audience included hundreds not affiliated with the Federal party roll.

Wilson diplomacy has been a series of blunders, said Mrs. McKee. "The country has been humiliated in the eyes of the world, and only a firm hand and a fixed policy will put this nation where it belongs, in front of every nation in the world. We have the wealth of the world, we have the manhood of the world and we have the sturdy women of the universe—a combination that cannot be surpassed. All we need is a firm hand to guide us. Hughes will give us that guidance."

VICE RAMPANT IN CITY, SAYS POLICE CAPTAIN

CONTINUED FROM PAGE ONE.

good people of Anacostia. "To the number of 800 asked the refusal of the license on the grounds of democracy, justice, and Americanism. He said that he represented the W. C. T. U. and the Protestant Churches of Anacostia. Mr. Shoemaker said that the request of a majority of the citizens of a community should be mandatory on the board. Chairman Cummings said in reply that he did not believe the law contemplated home rule to that extent.

Protest was made against the renewal of the license of Frank P. Hall, of 1000 Seventh street southwest, by a woman who claimed that her husband had been served liquor there and that as a result he had become intoxicated and had thereby greatly inconvenienced her.

The case of Patrick J. McDonald, of 66 Pennsylvania avenue southeast, was continued until Monday.

In all about fifty-one cases have been considered by the board to date. Among the first cases scheduled for tomorrow are those of William J. O'Leary, 733 North Capitol street, and James Murray, of 1521 Seventh street northwest, and Ernst Gerstenberg, 1348 E street northwest.

Twenty cases were considered by the board yesterday. The case of the Army and Navy Club, which was represented by F. L. Sandoz, manager, and Admiral Hugo Osterhaus, was opposed by the Anti-Saloon League, represented by Attorney A. E. Shoemaker, on the ground that the club was situated in a residential district. A sign was in the window of the law has been established. The holding of a special hearing on the point of law involved in the case of club licenses. Attorney Shoemaker will argue the point for the Anti-Saloon League and the police chief of the city will be represented by his lawyers.

WAR ADVISERS NAMED BY PRESIDENT WILSON

CONTINUED FROM PAGE ONE.

the immediate concentration and utilization of resources of the nation.

"The organization of the council likewise opens up a new and direct channel of communication between government and business and scientific men and departments of the government, and it is hoped it will in addition become a rallying point for civic bodies working for the defense.

"The council's chief functions are: 1.—The coordination of all forms of transportation and the development of means of transportation to meet the military, industrial and commercial needs of the nation.

2.—The extension of the industrial mobilization work of the commission on industrial preparedness of the naval consulting board. Complete information as to our present manufacturing and producing facilities adaptable to many sided uses of modern warfare will be procured, analyzed and made use of.

"One of the objects of the council will be to inform American manufacturers as to the part which they can and must play in a national emergency. It is empowered to establish at once and maintain through subordinate bodies of specially qualified persons an auxiliary organization composed of men of the best creative and administrative capacity, capable of mobilizing to the utmost the resources of the country.

"The personnel of the council's advisory members, appointed without regard to party, marks the entrance of the non-partisan engineer and professional man into American government affairs on a wider scale than ever before.

"It is responsive to the increased demand for need of business organization in public matters and for the presence of specialists in their respective fields. In the present emergency, the time of some of the members of the advisory board could not be purchased. They serve the government without remuneration, efficiency being their sole object and Americanism their only motive."

PASTOR WEDS COUPLE AS LAST OFFICIAL ACT

Rev. Dr. Wedderspoon Officiates at Ceremony Before Quitting City.

One of the last official acts of Rev. Dr. William R. Wedderspoon in Foundry Methodist Episcopal Church was his performance of the marriage ceremony of Charles E. Hall, 26, and Franco H. Galieher, 27, the latter of 1434 Perry place. The ceremony took place in the parlors of the church.

"If we couldn't have reached him here, we would have had to follow him to Chicago," said one of the young persons, who seemed to be intent upon having only Dr. Wedderspoon officiate the most important service in their lives.

It was one of the many tributes of esteem which have come to Dr. Wedderspoon in the last few days. His departure for St. James M. E. Church, of Chicago, has been forth expressions of regret from all his congregation as well as many others.

A successor has not yet been named to fill Dr. Wedderspoon's pulpit. Dr. J. Reed, former president of Dickens College, will officiate at Foundry Church until a new minister is chosen.

On Tuesday night a silver tea service and cart were presented to Dr. Wedderspoon by the members of his church at a reception held in his honor.

Nutshell News

Mary Drusilla Sweet yesterday filed in the District Supreme Court a petition for limited divorce from Neil M. Sweet. The wife asks alimony. She is represented by Attorneys Reynolds and Evans.

There have been no new outbreaks of infantile paralysis during the past few days. Yesterday the case of Jean Eberle, 1 year old, of 4133 Conduit road, was reported cured, and quarantine was discontinued.

A fire in a stable in the rear of 4901 Howard street northwest, owned by Spencer Harvey, did \$200 damage yesterday.

An automobile operated by Dr. E. T. Stevenson, 655 Maryland avenue northeast, and a horse and wagon driven by Sam Cutler, 251 Georgia avenue northwest, collided at Sixth street and Massachusetts avenue northwest yesterday. About \$25 damage resulted.

A Standard Oil Company wagon yesterday ran over the foot of William Terrell, an eight-year-old colored boy, on Morris road southeast. The boy was treated at Casualty Hospital.

A five-passenger Ford automobile, the property of Dr. Charles J. Mooney, 13 M street northwest, was stolen yesterday afternoon from Vermont avenue and H street northwest.

Death, due to his own carelessness and neglect, was the verdict of the coroner's jury yesterday that considered the death of James Dowell, who fell twelve feet and fractured his skull Tuesday, while working on a building at Sixteenth and Crescent streets northwest.

A pocketbook was lost or stolen from David Mackie, 236 G street northwest, yesterday morning. The book contained \$5 and a check for \$40.

Mr. George F. Crawford, 1926 Sixteenth street northwest, yesterday lost a gold wrist watch. The initials "T. V. B." and the word "Gait" were on the case.

An automobile of the Union Garage, operated by Wallace Baker, collided on Ninth street northwest, between E and F streets, with an automobile driven by George Mantouris, 314 Ninth street northwest, yesterday afternoon.

John T. O'Hara, employed at the Government Printing Office, was knocked down in front of the Union Station by a taxicab, on his way to work yesterday morning. O'Hara was taken to the Casualty Hospital, suffering from a bruised nose.

While working on car tracks on Fourteenth street northwest, near Q street, John Greagay, colored, was struck by Car No. 127 of the Capital Traction Company yesterday. He was taken to Emergency Hospital, suffering from a broken leg and bruises.

A green handbag, containing \$2.00, was lost by Grace Waters, 188 Thirteenth street northwest, yesterday morning, on Twelfth street northwest, between Massachusetts avenue and P street.

A French poodle dog, the property of Mrs. E. Adams, 943 Massachusetts avenue northwest, strayed from her home yesterday. The poodle is eight months old and wears no collar or tag.

Samuel C. Wise, twenty-two years old, of 908 Sixth street southwest, yesterday fell from the top of a car in the Washington Railway and Electric Company barn at Fifteenth and H streets northwest, breaking his right arm.

Policeman T. A. Dawson, of the Sixth Precinct, fell and sprained his ankle early yesterday morning, while chasing two negroes. The fugitives were carrying sacks which were supposed to contain stolen goods.

Henry Biorey, twenty-two, and Leo Jones, twenty-four, both colored, of Glen, Va., were taken from a train yesterday afternoon at Union Station and arrested on a charge of carrying concealed weapons. According to witnesses, the two negroes annoyed passengers on their way from Steelton, Pa., and had threatened to use a razor.

EF some folks changed their own temp'rments they'd be better satisfied with those of their neighbors'. Velvet Joe. A neighborly idea—pass your tin of VELVET.

PARK VIEW PREPARES FOR AUTO PROCESSION

Citizens' Association Announces Plans for Parade Monday Night.

Arrangements have been completed for the automobile parade which opens the community gathering of the Park View Citizens' Association on Monday evening to celebrate the completion of the new Park View School and the paving of Georgia avenue.

The parade, which begins at 6:30 o'clock, will start from the points designated for assembling of the units, namely: Band wagon and committee section, on Georgia avenue at Morton street, facing south; merchants' section, on Georgia avenue at Park road, facing south; police and fire department section, in Park road at Georgia avenue, facing east; Petworth section, in Georgia avenue at Otis place, facing south; private automobile section, in Park road at Georgia avenue, facing west.

The line of march will be: Georgia avenue to Columbia road, to Filtration Lake, to First street, to Rhode Island avenue, to Sixth street, to Pennsylvania avenue, to Fifteenth street, behind Treasury, to Pennsylvania avenue, to Eighteenth street, to K street, to Sixteenth street, to Irving street, to Thirteenth street, to Park road, to New Hampshire avenue, to Rock Creek Church road, to Warder street, to Park View School.

Dr. Arthur E. Crane has announced the following rules to govern the parade: At the conclusion of the parade private automobiles will park on the east side of Warder street, with both rear wheels against the curb. Sections will continue down Warder street and disband.

Automobiles should be decorated with the community colors, green and white predominating.

Local merchants will be allowed to advertise their local business.

A running distance of fifteen feet must be maintained between automobiles.

Before stopping, hold hand out of car in a rigid position. Before dropping out of parade hold hand out and move it up and down.

Follow the directions of the policemen on duty.

Pennants will be sold during the formation of the parade.

Prizes will be awarded the best decorated automobile. In the following classes: Touring, merchants, Ford, and automobiles driven by a woman.

The parade will be followed by the dedication of the new school building by the Board of Education. Later there will be music and dancing.

Receptions and entertainments, followed every evening by music and dancing, will be held throughout the carnival, which closes Friday night.

STEEL COMMON LEADS TRADING IN NEW YORK

Anacosta Copper Advances 1/2 of a Point, Touching 93 3/4.

Special to The Washington Herald. New York, Oct. 11.—United States Steel common, the most active stock in the market, opened at 12 1/4, which was an unchanged price compared with its closing quotations on Tuesday. It touched 12 3/8 and then sold as low as 12 1/8, but it afterward rallied above 13.

Anacosta Copper opened at 93 3/4, up 1/2 of a point from its final price on Tuesday, but that was its highest in the early dealings, and it afterward touched 92 1/4. Inspiration Copper, however, displayed exceptional strength.

The best trading in Midvale was during the first and last hours. The other three hours were listless. The stock was soft most of the session, with professionals doing the bulk of trading.

There is far less excitement in Emma Copper and Old Emma Leasing stocks. Both prices are holding very steady. The struggle between George Graham Rice and those houses reported to have bucketed orders is deadlocked, and until the courts unravel the situation it is anticipated that little will occur outside as regards price movements.

The surprising thing about Tennessee Copper is that it did not break before. It has been known for two weeks that the company would finance with new stock and that probably this stock would be offered for subscription 8 to 10 points below the current market price. The various upward movements have obviously been for the purpose of selling stock before the news was officially acknowledged. The 6 per cent bonds are convertible into the old stock at \$40 a share, but under the new capitalization this figure will probably have to be materially lowered.

MARY HOWE IN RECITAL

Coloratura Soprano Presented by C. W. O'Connor.

Mary Helen Howe was presented in recital at Studio Hall on Tuesday evening by C. W. O'Connor. She is a coloratura soprano, with poise, brilliancy, and dramatic interpretation. Her program was one that gave excellent scope for versatility.

Miss Howe's full program follows: "With Verdu Clad," from "The Creation" (Haydn), "Vissi D'Arti" from "Tosca" (Puccini), "Transit" and "Hush Song" (Grieg), "Southern Song" (Grieg), "At Parting" (Borromeo), "Bonjour Suzanne" (Pessard), "Still wie die Nacht" (Bohm), "Der Traum" (Rubinstein), "L'Estaty" (Arditi), "Ou va la Jeune Hindoue" from "Lakame" (Delibes).

Exceptional values in street and afternoon dresses.

Very Moderately Priced at \$22.50, \$25.00 and \$29.50

BLAMES CUSTOMS FRAUD Y. M. C. A. RECEPTION FOR ON HIGH LIVING COST Y. W. C. A. SECRETARIES

Special to The Washington Herald. New York, Oct. 11.—In sentencing two men to jail for customs fraud, Judge William B. Sheppard, of Florida, who is temporarily assigned to the United States District Court here, expressed the belief that the high cost of living in this city had a great deal to do with causing people to become smugglers. Even he, he added with a smile, might be tempted to deprive the government of revenue if he were forced to pay city prices for any length of time.

"This is not a place calculated to breed good morals," said the judge. "The way a man is held up in New York City for taxicab fares and hotel charges I can hardly blame him for trying to put one over once in a while. If I were in New York for ten years, I think I might almost be tempted to beat Uncle Sam myself."

A French doctor has combined a tiny telephone transmitter and receiver into an instrument to be fastened to the ear to help a partially deaf person to hear.

A Missouri Lady Tells What S. S. S. Did for Her Catarrh

Mrs. Henry Waye, R. F. D. No. 1, Wentzville, Mo., is now entirely cured of Catarrh through the use of S. S. S. On April 9th, 1916, she wrote:

"I am glad to say I have never needed to take any more medicine, as I have never had any return of the Catarrh. Thanks to S. S. S. I highly recommend it."

Mrs. Waye was a sufferer from Catarrh until she began taking S. S. S. and was not only cured of Catarrh but her blood was so strengthened and her system so built up that she has not had to take medicine of any kind since.

If you suffer from Catarrh or any blood disorder you would do well to consider this lady's case before adopting any other treatment. S. S. S. will do for you what it did for her. This is the most treacherous season of the year with sudden and frequent changes in the weather bringing on epidemics of Grippe, Colds, and Catarrh. Unless the system is well cared for and the blood kept pure, serious results may come. The mucous membranes in the nose and throat, discharging and showing signs of Catarrh are warnings all are familiar with and should be promptly heeded. "Safety first"—Take S. S. S. now and quickly feel the improvement in your condition.

Bear in mind that S. S. S. has been the National Blood purifier for fifty years, and there are many imitators, so be sure when you ask a druggist for S. S. S. that you get S. S. S. When a dealer tries to shift something "just as good" on you he is after more profit and not considering your welfare. S. S. S. is guaranteed purely vegetable and no other medicine will get the same results.

Write for special booklet on Catarrh—it's free. Our Medical Staff—a department maintained for users of S. S. S.—will gladly advise you about proper treatment of any blood disease. Write them for advice. No charge. Address: Swift Specific Co., Dept. 4, Swift Bldg., Atlanta, Ga.—A

THE ST. JAMES
